Relief Sewer Drains to NSOOS

Scope of Shield Technology works:

Restoration & Protection of Hydraulic Structures

As part of Sydney Water's \$560 million SewerFix Program to improve Sydney's wastewater system, upgrades to Brookvale, Curl Curl and Dee Why were carried out.

Shield Technology was selected to apply coatings to manholes within this program. The specification was for 5 mm application of Sikagard 62T epoxy. Stringent environmental, safety, technical and public relations criteria were managed for appropriate application.
